Scan the QR code for all sizes available  
(5 Options)

## CSA CERTIFIED BURNER KITS INCLUDE:

\*Simple user operation

\*Includes all components, certified, & ready to connect.

\*Secure controls to the fire pit structure

- **Stainless Steel:** Manufactured using rust resistant 304 stainless steel, this fire pit burner pan is built for longevity and performance.
- **Flame Sensor:** Automatic flame sensor “thermocouple” detects presence of flames & closes the gas line if the flames are extinguished.
- **Spark Ignition Pilot Assembly:** Battery powered push button ignites the flame using a rapid spark ignition.
- **Units are shipped ready to install using Propane Gas.** Natural Gas conversion kits are available.
- **CSA Certified:** Certified under ANS Z21.97-2014/CSA 2.41-2014, Outdoor Decorative Gas Appliance.

\*Includes stainless steel burner ring
