Competitor Burner with 180K BTUs

DON'T SETTLE FOR **LESS**.

CFB180 CROSSFIRE® Brass Burner with 180K BTUs

The patented CROSS**FIRE**[®] Brass Burner is the most fuel-efficient burner in the industry, producing taller, brighter, and more natural flames all while consuming less fuel.

SUPERIOR PERFORMANCE | MADE IN THE U.S.A. | OUTSTANDING CUSTOMER SERVICE

The Dealer Catalog is intended only for the possession and use of the distribution partners of Warming Trends and contains confidential information not meant to be disclosed to others, including competitors. Sharing, duplicating, or distributing the Dealer Catalog is prohibited to anyone other than Dealers, Distributors, or others authorized in writing by Warming Trends. Our distribution partners may share prices or other information in the dealer catalog with customers as needed to enable individual sales.

Warming Trends maintains a Minimum Advertised Price (MAP) policy and it is strictly enforced with each of our selling partners.

For more information and resource materials, please visit our website. <u>www.Warming-Trends.com</u>

SIX STEPS TO FIRE

- 1 Determine the BTU (gas) supply at your fire feature location.
- 2 Measure the interior dimensions of your fire feature and choose the corresponding plate/pan size.
- 3 Select burner based on plate/pan size and fuel type (natural gas or liquid propane.)
- Choose the ignition system: match lit or a fully automatic ignition system.
- 5 Add optional electronic accessories: remote control options, dial timers, and emergency stop buttons.
- Complete your fire feature with
 media: lava rock or fire glass, steel or ceramic logs.

PLEASE REMEMBER

- Plate/pan should be sized slightly smaller than the measurement of the opening to allow easier installation and removal for service.
- Manufacturer recommends a minimum 3" of clearance from all interior sides of enclosure to the nearest edge of burner to avoid damage to enclosure.
- For outdoor use only. Installation and service must be performed by a qualified installer, service agency, or gas supplier. Installation and use must follow all local codes.
- Follow all installation instructions and local codes. A copy of the Owner's Guide and Instruction Manual can be found on our website: <u>www.Warming-Trends.com</u>

TECH TIP

Gas Insert Kits for Paver Fire Features are becoming more popular and Warming Trends offers kits - including burner, plate, flex line, and key valve kits - specifically designed to work with a variety of paver company block features. See page 41 for our Gas Insert Kit selections.

Plate should be sized slightly smaller than the measurement of the opening. This allows easier installation and removal for service.

FIRESTORM PORTABLE FIRE PITS

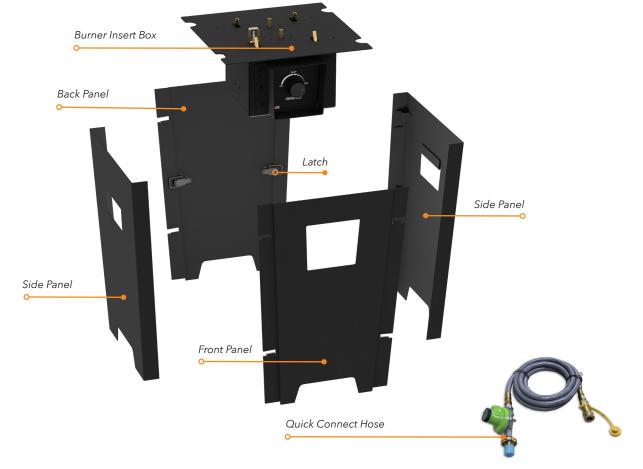

It's time to level up and revolutionize your portable outdoor fire pit experience with FIRESTORM[®]. Modular, packable, and powered by the CROSSFIRE[®] burner, the FireStorm sets up in a flash and delivers a beautiful, full flame that easily adjusts to fit your mood with a simple turn of the control knob.

No smoke, no ash, no trash – the FireStorm is the most fuel-efficient fire pit on the market and runs off eco-friendly propane, which emits 99% less pollutants than burning wood. With two safety shut-offs, the FireStorm also allows you to create an exceptional outdoor experience while keeping your family, friends, and the environment safe.

With unparalleled performance, safety, and convenience, the FireStorm is the perfect portable propane fire pit to "Bring the Fire" to your next outdoor event.

READY-TO-FINISH KITS

Aluminum frames covered with concrete board are ready to be easily and quickly completed with your choice of stone or veneer.

Simply place **READY-TO-FINISH** (RTF) kit on site, connect to the gas supply, add stone or other veneer, and your fire feature is complete.

NEED A DIFFERENT SIZE, CUSTOM SHAPE, OR HAVE BTU QUESTIONS?

Whatever your question, our team is happy to help. Call our Flame Specialists at (303) 346-2224.

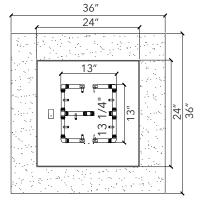

SQUARE READY-TO-FINISH KITS

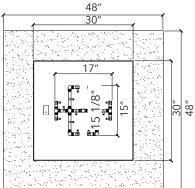

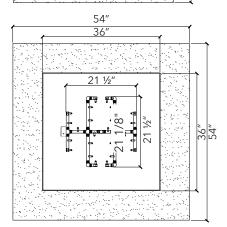

Ready-to-Finish Kits come with a Fire Pit Vent Kit (FPVK), but they do not come pre-installed as placement and installation depends on veneer. Vents are to be installed by contractor on site.

IF YOU CAN DREAM IT, WE CAN MAKE IT.

The sky's the limit - let us create your custom fire feature.

GAS INSERT KITS for PAVER FIRE FEATURES

Warming Trends makes it easy to install or convert a paver fire feature to gas with our **GAS INSERT KITS**. Each Kit includes the CROSS**FIRE**[®] Brass Burner which utilizes cutting-edge jet technology to produce a taller, brighter, and more natural flame - all while consuming less gas.

Warming Trends Universal and Specialized Gas Insert Kits are designed to work with a variety of paver company block kits, including everything you need to convert your paver fire feature.

NEED A DIFFERENT SIZE, CUSTOM SHAPE, OR HAVE BTU QUESTIONS?

Whatever your question, our team is happy to help. Call our Flame Specialists at (303) 346-2224.

Easily and quickly convert your paver fire feature to gas with a Warming Trends Gas Insert Kit.

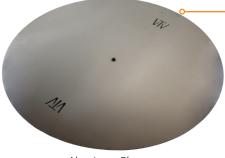

CROSSFIRE® Brass Burner

Included in each kit:

- CROSSFIRE[®] Brass Burner with WATERSTOP[®] Fitting
- Aluminum Plate
- Flex Line Kit
- Key Valve Kit
- Flexible Metal Support Collars and Tapcon screws (Works with new or existing fire pits)

Select the Warming Trends Gas Insert Kit that matches the interior dimensions of your fire feature.

The Revolutionary WATER**STOP** fitting protects electronics and valves from water and debris.

Aluminum Plate

STANDARD KITS DO NOT INCLUDE VENTS.

(18 sq inches of ventilation is required on opposing sides of the fire feature.)

KIT DOES NOT INCLUDE STONE/ENCLOSURE.

See page 65 for available collar options.

TITIC

Flexible Metal Support Collar

of plate sizes to be used, adding up to 3" to the plate size.

Collars provide support for the aluminum plate and allow a range

GAS INSERT KITS for SPECIALIZED PAVER FIRE PITS

Whistle Free Flexline

The All-New **SPECIALIZED GAS INSERT KITS** fit topselling paver fire pit brands and are easier to install than ever before! The Mounting Brackets and Collars have been re-engineered to eliminate the need for a drill to install. Each kit includes all components needed to create an exceptional fire feature including the patented CROSS**FIRE**[®] burner, aluminum plate, nodrill collars, specifically-sized vents, mounting bracket which replaces a block while still offering support to the blocks above, and a Flex Line / Key Valve Kit.

Included in each kit:

- CROSSFIRE[®] Brass Burner with WATERSTOP[®] Fitting
- Aluminum Plate
- Flex Line / Key Valve Kit
- Flexible, No-Drill Collars
- Vents (2)
- Mounting Bracket

Flexible, No-Drill Collar (Install between courses of block)

Key Valve / Mounting Bracket (Replaces one block and provides support for next course of block)

See page 57 for available ignition options.

unmatched protection for electronics and valves from water and debris.

The patent-pending WATERSTOP fitting provides

Aluminum Plate

(Vents replace one block and provide support for the next course of block)

IGNITION COMPATIBILITY CHART

TECH TIP

Plate/pan should be sized slightly smaller than the measurement of the opening. This allows easier installation and removal for service.

IGNITION SYSTEMS

MATCH LIT

All CROSS**FIRE**[®] Brass Burners come standard as a manual **MATCH LIT SYSTEM**. Light a match and turn the key valve to ignite your fire feature burner.

PUSH BUTTON IGNITION

Upgrade to an electric **PUSH BUTTON IGNITION**. Turn the key valve to on position and push the button to ignite your burner.

SKU	DESCRIPTION	SHIP WEIGH	IT + METHOD	
РВІКЗ.0	Push Button Ignition Kit: Spark Igniter Rod and Wire + Push Button Battery Operated Control Module	3 lbs

MERCURY IGNITION SYSTEM

The **MERCURY IGNITION SYSTEM™** provides a layer of safety in the event a burner's flame is unexpectedly extinguished. This innovative new design provides a quick, automatic shutoff of gas flow and an easy reset to reignite the flame when ready to address building and safety code requirements, as well as personal safety preferences.

SKU	DESCRIPTION	SHIP WEIGHT + METHOD		
MERCLP	Mercury Ignition Spark Igniter with Internal Safety Shutoff + 3' Pilot for use with any Burner up to 240K BTU + FIT180 + Liquid Propane			
MERCNG	Mercury Ignition Spark Igniter with Internal Safety Shutoff + 3' Pilot for use with any Burner up to 240K BTU + FIT180 + Natural Gas	7 lbs	SHIPS PARCEL	

Catalyst Electronics Mercury Ignition System™ is a trademark owned by and used with permission from Catalyst Electronics, LLC.

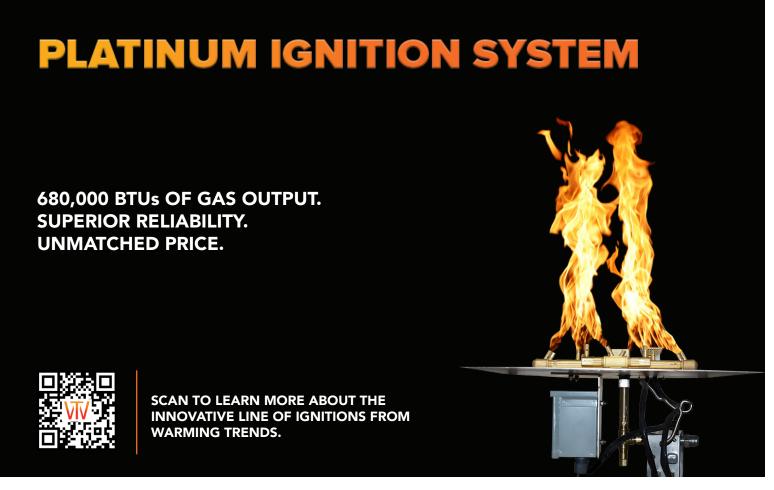

PLATINUM IGNITION SYSTEM

The **PLATINUM IGNITION SYSTEM™** delivers superior quality, performance, and value to our partners and their customers. Expertly engineered, this innovative ignition has been designed and built to eliminate industry-wide weaknesses in outdoor fire feature ignitions. The Platinum Ignition System includes the Valve Box, Transformer, and Pilot Assembly.

PROMOTIONAL ITEMS

Our customers consistently share, "Seeing is believing!" And we have just the solution. Your customers can experience the CROSS**FIRE**[®] Brass Burner's performance first hand with an in-store display. Nothing compares!

COUNTER TOP DISPLAY

The **COUNTER TOP DISPLAY** includes a CFB60XL CROSS**FIRE** Brass Burner with the patent-pending WATER**STOP**[®] fitting, together with a 17" tall, triangular aluminum base.

The Counter Top Display is available in two plate/pan options. The DISCT has a 12" circular plate. DISCT4 has a 12" square plate with 4" sidewalls which can be filled with water to demonstrate the effectiveness of the WATER**STOP** fitting.

This display is great for counter tops or other small spaces. The removable demo burner is the perfect portable sales tool.

FLOOR DISPLAY

The **FLOOR DISPLAY** is 30" tall and 18" square. The display includes a hollow metal frame, choice of four slide-in marketing panels, a plate with a mounted key valve, and a CFB60XL CROSS**FIRE**" Brass Burner + WATER**STOP**[®]. The unit is ready to connect to a 1 lb propane tank (and can be modified to connect up to a 20 lb tank.) Perfect for a showroom display.

PROMOTIONAL ITEMS

AON DISPLAY UNIT

The AON DISPLAY is a compact version of our AON[™] Fire Tables.

Designed to showcase these tables without the space-claim of the full-size unit. The AON Display highlights the beautiful craftsmanship and finish of the tables as well as the patented CROSSFIRE® Brass Burner, renowned for its unmatched flame performance and fuel efficiency. Made in Colorado, USA, the Display exemplifies the superior quality and performance Warming Trends is known for.

The 10" x 20" x 14" Display weighs 32 pounds and connects to a 20 pound propane tank. The complimentary Magnetic Sell Sheet highlights the features, benefits, and options of the AON Fire Tables.

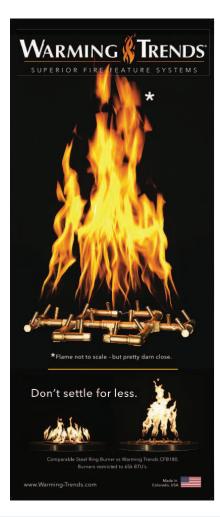

104628BLK	R20-Rectangle 20" x 14" x 10" Display Fire Table in Black with a PBIK Ignition - LP
104628GRY	R20-Rectangle 20" x 14" x 10" Display Fire Table in Charcoal with a PBIK Ignition - LP
104628SND	R20-Rectangle 20" x 14" x 10" Display Fire Table in Sand Pebble with a PBIK Ignition - LP
104628BNZ	R20-Rectangle 20" x 14" x 10" Display Fire Table in Bronze with a PBIK Ignition - LP

SEEING IS BELIEVING.

INDOOR / OUTDOOR BANNERS

Let customers know you are a Warming Trends dealer. Versatile for indoor or outdoor use, these (3'x 6' and 6'x 3') **BANNERS** have grommets on each corner for easy hanging and are made to withstand the elements when displayed outdoors. Choose from these designs:

AUTHORIZED DEALER WINDOW CLING

Promote your Warming Trends dealer status to customers as they enter your door. Choose between a horizontal (6" x 3") or a vertical (3" x 6") design, featuring the eye-catching flame of the CROSS**FIRE**[®] brass burner.

Easy to apply, just peel the backing off and adhere to the inside of glass.

Custom fire features are only a call away. (303) 346-2224

WARRANTY

FULL LIFETIME WARRANTY FOR CROSSFIRE® BURNERS

Warming Trends warrants that each Warming Trends® Crossfire® and other jetted-flame-brass burners sold through Warming Trends' distribution network (each as "Burner") is free from defects in materials

and workmanship and conforms to its specifications, which are available upon request. We offer a lifetime, full warranty for our Burners, regardless of ownership, beginning on the date of purchase ("Warranty Period"). This warranty is transferable, but we reserve the right to require proof of ownership for any transferred burners including proof that the Burner was not acquired through improper means or unauthorized re-sellers. During the Warranty Period, Warming Trends provides repair and exchange services for the Burners, without charge. If a Burner does not function as warranted during the Warranty Period and, after a reasonable number of attempts, Warming Trends is unable to either 1) make it do so or 2) replace it with one that is at least functionally equivalent, you may return it to Warming Trends and your money will be refunded. The warranty stated above will not apply to the extent that there has been misuse or use contrary to specifications or the appropriate user or operating manual, installation defect, accident, modification, unsuitable physical or operating environment, operation in other than the specified operating environment (e.g., outdoor burners should only be used outdoors) improper maintenance by you, or failure caused by a product for which Warming Trends is not responsible. With respect to Burners, the warranty is voided by removal or alteration of any identification labels or marks on any Burner or part.

ITEMS NOT COVERED BY FULL WARRANTY FOR BURNERS

OTHER THAN AS EXPRESSLY STATED ABOVE, WARMING TRENDS DOES NOT WARRANT UNINTERRUPTED OR ERROR-FREE OPERATION OF ANY BURNER, OR THAT WARMING TRENDS WILL CORRECT ALL DEFECTS.

This warranty is specific to Burners and does not apply to any other product sold by Warming Trends, which may be covered by separate warranties with different terms. Warming Trends does not warrant any services related to our Burners, including installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third-party service provider and our warranties do not apply to failures caused by their work.

IGNITION SYSTEMS WARRANTIES

Residential Installations

Platinum Ignition Systems are warranted for three (3) years from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Platinum Ignition Systems in the Platinum Ignition System Instruction Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Platinum Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends* will repair or replace the system at no cost for the first three (3) years. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. 24VIK and 3VIK systems are warranted for one (1) year from the date of purchase and, thereafter, are covered by a limited warranty for two (2) years from date of purchase. In the event a 24VIK or 3VIK

system must be replaced due to a defect or malfunction of the system, Warming Trends® will repair or replace the system at no cost for the first year. In the event a 24VIK or 3VIK system fails after the first year from date of purchase and within two years from date of purchase, Warming Trends will repair or replace the system for a cost of 50% of the current list price. This warranty does not cover labor costs. P24VIK Systems are warranted for three (3) years from date of purchase. In the event a system must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first three (3) years. This warranty does not cover labor costs.

Mercury Ignition systems are warned for three (3) years from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Mercury

Ignitions in the Mercury Ignition Instruction Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Mercury Ignition system must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first three years. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. Push Button Ignition Systems pre-installed by Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is not soft or the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is not soft or the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is not soft or the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is not soft or the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is not soft or pan, and cover. Warming Trends does not offer any warranty for Push Button Ignition Systems not the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. Warming Trends does not offer any warranty for Push Button Ignition Systems not pre-installed on AONs.

Commercial Installations

Platinum Ignition Systems are warranted for one (1) year from date of purchase, when installed on a Warming Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Platinum Ignition Systems in the Platinum Ignition System Instruction Manual or as otherwise approved by Warming Trends, in writing, prior to sale. In the event a Platinum Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. 24VIK, 3VIK, and P24VIK systems are warranted for one (1) year from date of purchase. In the event a 24VIK, 3VIK, or P24VIK system must be replaced due to a defect or malfunction of the system, Warming

Trends will repair or replace the system and do for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system save warranted for one (1) year from date of purchase, when installed on a Warring Trends plate or pan and with listed Crossfire® burners as set forth as Certified with Mercury Ignitions in the Mercury Ignition Manual or as otherwise approved by Warring Trends, in writing, prior to sale. In the event a Mercury Ignition system must be replaced due to a defect or malfunction of the system, Warring Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-

pecified burner, accessories or recommended plate or pan, and cover. Push Button Ignition Systems pre-installed by Warming Trends on AON fire tables (defined below) are warranted for one (1) year from date of purchase. In the event a Push Button Ignition System must be replaced due to a defect or malfunction of the system, Warming Trends will repair or replace the system at no cost for the first year. This warranty does not cover labor costs and will be automatically voided if the ignition system is installed or used with a non-specified burner, accessories or recommended plate or pan, and cover. Warming Trends does not offer any warranty for Push Button Ignition Systems not pre-installed on AONs.

ITEMS NOT COVERED BY WARRANTIES FOR IGNITION SYSTEMS

Warming Trends does not warrant any services related to our Electronic and Manual Ignition Systems, including, without limitation, installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third-party service provider and our warranties do not apply to failures caused by their work. Problems or defects in the functioning of the systems due to gas plumbing or electrical installed by others are not covered by any warranty offered by Warming Trends.

AON FIRE TABLE WARRANTIES

Residential Installations

Warming Trends warrants the fabrication and structure of each AONTM fire table (each, an "AON") for 3 years from the purchase date. This warranty is transferable, but we reserve the right to require proof of ownership for any transferred AONs including proof that the AON was not acquired through improper means or unauthorized re-sellers. Burners and Ignition Systems included in AONs are covered by the applicable warranties above. Warming Trends warrants the powder coating on AONs for 12 months from date of delivery. Warming Trends does not warrant against any damage occurring during or after installation or for normal wear and tear, including fading due to exposure to sunlight. The flush-mounted lids are susceptible to damage due to their intended use. Chips may occur on the corners and edges of the lids over time and are not covered by warranty. Warming Trends recommends covering your AON during inclement weather or seasonal changes. Commercial Installations

Warming Trends warrants the fabrication and structure of each AON for 1 year from the purchase date. This warranty is transferable, but we reserve the right to require proof of ownership for any transferred AONs including proof that the AON was not acquired through improper means or unauthorized re-sellers. Burners and Ignition Systems included in AONs are covered by the applicable warranties above. Warming Trends warrants the powder coating on AONs for 12 months from date of delivery. Warming Trends does not warrant against any damage occurring during or after installation or for normal wear and tear, including fading due to exposure to sunlight. The flush mounted lids are susceptible to damage due to their intended use. Chips may occur on the corners and edges of the lids over time and are not covered by warranty. Warming Trends recommends covering your AON during inclement weather or seasonal changes.

ITEMS NOT COVERED BY WARRANTIES FOR AON FIRE TABLES

Media made from ceramic or steel must be at least 4" from edges of the AON as excessive heat can cause warping and damage to the structure of the AON. Incorrect use of media shall void the above warranties. Warming Trends does not warrant against the natural process of steel aging or rusting. Warming Trends does not warrant any services related to our AONs, including installation, unless we provided those services to you. You may have warranty rights from the service provider, but we make no representations or warranties express or implied regarding any third-party service provider and our warranties do not apply to failures caused by their work. Warming Trends does not warranty against damage caused by improper ventilation. AON's are equipped with leveling feet which are to be used to create ventilation around the entire base perimeter of up to 2" of clear space.

DISCLAIMER OF ADDITIONAL WARRANTIES

OTHER THAN THE SPECIFIC WARRANTIES SET FORTH IN THIS WARRANTY POLICY, WARMING TRENDS MAKES NO REPRESENTATIONS OR WARRANTIES WITH RESPECT TO ITS BURNERS OR IGNITION SYSTEMS, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. No dealer, distributor, or other person has the authority to represent or warrant a Warming Trends product beyond the terms contained within this warranty, and Warming Trends assu warranty representations. Any questions concerning this warranty should be directed to the Warming Trends corporate office or via email to legal@warming-trends.com.

ADDITIONAL TERMS AND CONDITIONS

ALL BURNERS AND ELECTRONICS MUST BE COVERED WHEN NOT IN USE OR WARRANTY IS NULL AND VOID.

While some of our warranties are passed-through or provided in cooperation with affiliates and/or third parties, Warming Trends will honor the warranties contained in this Warranty Policy for all products purchased from us, but we may coordinate internally with the necessary third parties in order to do so.

RETURN POLICY

RETURNS

We hope that you truly enjoy your Warming Trends purchase. If you are not satisfied, we accept product returns for thirty (30) days of date of purchase, subject to the conditions below.

We only accept returns for products purchased directly from Warming Trends. Proof of Purchase from Warming Trends is required. For products purchased elsewhere, please contact that business regarding your return.

Please email your request for return together with the Proof of Purchase to Orders@Warming-Trends.com Upon receipt of your request, we will email you our return address. All returns must be shipped by the customer to Warming Trends at the customer's expense and risk of loss.

Upon receipt of your return, we will process it within 7–10 business days. Depending on your bank's processing time, it may take up to 10 days after we process the return to reflect on your account.

HOLIDAY SEASON RETURNS

Purchases made between December 1st and December 24th may be returned for forty-five (45) days from the date of purchase, subject to the conditions below.

DAMAGED, DEFECTIVE, OR INCORRECT ITEMS

Once you receive your order, you have seven (7) days to open and inspect the product(s). If anything is missing or damaged, or not what you ordered, please contact us at Orders@Warming-Trends.com with photos/videos of the issue. One of our team members will reach out to assist you with a return/replacement.

LIKE-NEW CONDITION

Items must be in like-new condition upon our receipt. Items that are damaged, unsanitary, dented, scratched, or missing parts will not be accepted for return.

PRODUCT ACCESSORIES AND PACKAGING

Product returns must include all accessories and packaging. If not included, we may either deny the return, or allow a return with a nonrefundable deduction on your refund for what is missing.
