Rounding out the Classic series are a few designs that serve as the core of the Prism Hardscapes product offering. Prism Hardscapes is not afraid of pushing the envelope when it comes to more unique designs and designs like the Piazza, Elevate, Pentola, Pebble, and Cilindro are central to that philosophy.

(Opposing page, Top) The Cilindro in pewter provides warmth and comfort on a cool, cloudy day.

Prism Hardscapes has teamed up with forward-thinking designers to bring modern, cutting-edge designs to the marketplace. New and distinct design elements will be the key feature for these new products that are sure to be a beautiful addition to any outdoor lounge space. Explore the creations that have resulted from the collaboration between Prism Hardscapes and some of the top creative minds in the outdoor living space industry today.

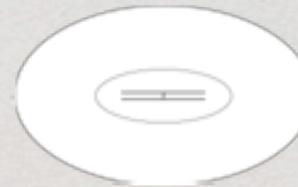

The Elements Collection, inspired by Mike Pyle Design, offers beautiful pieces that combine 3 main elements: wood, concrete, and metal. A stout powder-coated metal frame is the foundation for all of the collection's fire features. Sturdy glass fiber reinforced concrete makes for a durable yet smooth-looking top centerpiece, while Brazilian hardwood adds a decorative and refined appearance. The contrasting organic and industrial elements combine to create a look that is both intriguing and timeless.

The Ovale is a product of one of the first designer collaborations from Prism Hardscapes. Offered in two sizes, its smooth curves make it a top choice for a modern look.

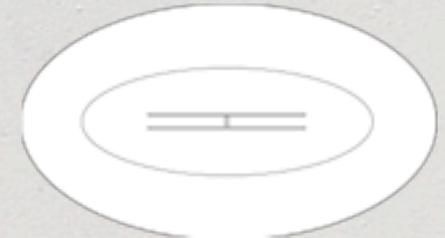

(Opposing page, Top) The Manchester, with its stunning ipe wood design, exudes luxury as a pool-side gathering spot.

Fire Only

Water Only

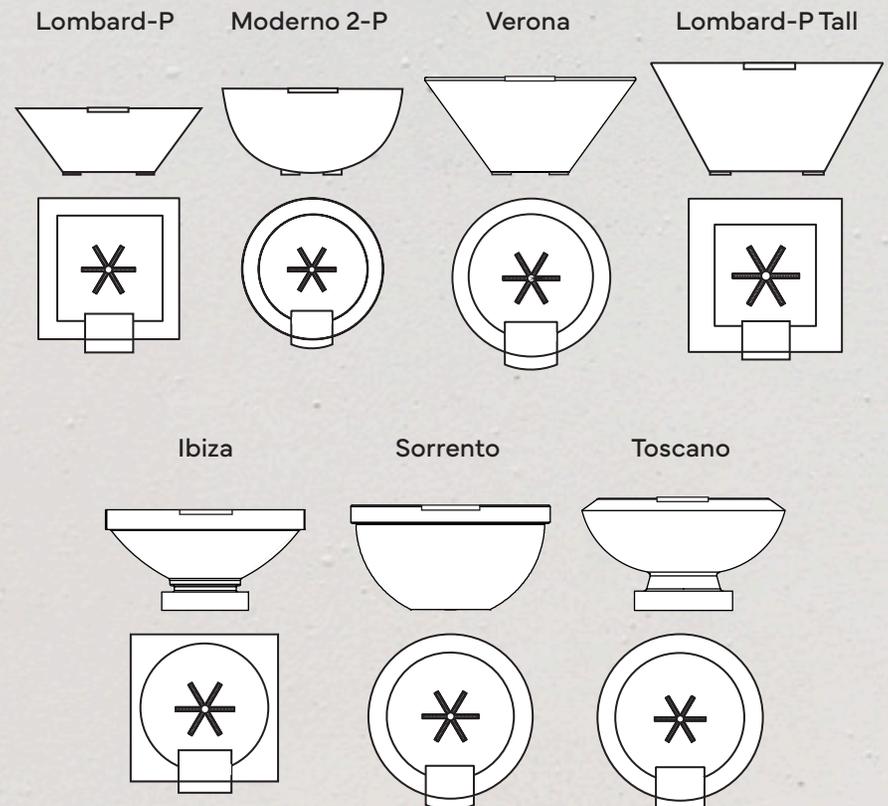

Fire & Water

Prism Hardscapes offers seven different designs of Pool Features in 3 distinct options. Much like the rest of the Prism Hardscapes product line, the fire only option is a great and timeless look for any poolside area. The water only option blends Prism Hardscapes products seamlessly with your pool and the soothing sounds of falling water. The fire & water option is the ultimate option that brings the best of both worlds together, providing an unbeatable experience.

Introducing our ceramic high-heat Fire Spheres, where innovation meets ambiance! Elevate your outdoor experience with these mesmerizing spheres, meticulously crafted to withstand the most intense heat and add a touch of elegance to any fire feature or outdoor space. Engineered for durability and designed to radiate warmth evenly, these spheres create a captivating focal point, casting a mesmerizing glow as flames dance gracefully around them. Whether you're gathering with friends or seeking a moment of tranquility, our ceramic high-heat Fire Spheres redefine the art of outdoor relaxation. Ignite your evenings with style and sophistication.

Ignition Options

Key Valve

Battery Spark

Electronic

There are several ways to get the party started with Prism Hardscapes products. The most common and traditional way is by using a key valve to manually light a fire feature. Battery Spark ignition systems start fire features up with the turn of a dial. Lastly, the electronic PH-Ignite Auto Ignition System is the easiest and most convenient way of starting everything up with the flip of a switch.

PH-Ignite

SMART, SAFE, CONVENIENT.

HOT SURFACE IGNITION

Robust and reliable ignition.

WATERPROOF PILOT CONNECTOR

Corrosion proof electrical connection.

COMPACT DESIGN

Conveniently fits into your fire feature.

ELECTRONIC IGNITION

Convenient fire feature lighting and instant flame monitoring.

WEATHERPROOF/ANTI-CORROSION ENCLOSURE

Protects internal components from harsh weather and is built to last.

12 VAC INLET POWER

Compliant with National Electrical code 2014, article 68. May be installed within five feet of pool water.
